

Northman Rosé Cider

We've combined our Michigan apple blend with a touch of Michigan wine grape Chambourcin to enhance the fruit experience and give our cider a beautiful pink hue. The light pink, peach color is truly reminiscent of a Provencal Rosé making this expression appealing to cider and wine drinkers alike.

Aromas of dark cherry and peach pit. In the mouth notes of rich plum and a lovely medium body. The finish is dry and reveals unripe strawberry and cranberry.

.7% Residual Sugar = 2.65 grams per 12 oz. serving.

3.36 PH - Or about the same acidity as a Sauvignon Blanc.

6.5% ABV
