

Original Pub Cider

Bright and refreshing, our pub cider is unapologetically dry and perfect to enjoy with friends.

Our blend of apples are grown in Central and Northern Michigan including orchards in New Era, MI and Benjonia, MI at Henry Orchards providing an acidic backbone that pairs well with food, and especially cheese.

Aromas of apricot, white peach, red apple skin, and a cidery floor during harvest. In the mouth notes of key lime with a lively acidity that leaves you wanting another sip. The finish has notes of slate minerality.

.4% Residual Sugar = 1.78 grams per 12 oz. serving.

3.36 PH - Or about the same acidity as a Sauvignon Blanc.

6.4% ABV
